# BISBEE DAILY REVIEW

REGULAR MEMBER OF THE ASSOCIATED PRESS.

VOL. VII.

BISBEE, ARIZONA, WEDNESDAY MORNING, APRIL 13, 1904.

NO. 286

*It will be well to Remember that the Review is the only Paper receiving and publishing Associated Press Dispatches. These are received Every Night, hence authentic war news makes the Review valuable as an Advertising Medium*

PROF. A. T. HADLEY.

Professor Hadley, president of Yale College, who has been attracting wide attention by his discussions of economic and labor question, was born in New Haven, Conn., and has been connected with the University in one capacity or another for many years. He is known as a very democratic man.

## CANNOT ASK A BETTER MARKET

INTEREST IN INDIVIDUAL STOCKS  
OF THE WARREN DISTRICT  
ABOUT EQUALLY DIVIDED.

### MARKET GETS SUPPORT

On Private Advances on C. & A.—Copper unchanged, but with strong New York and London advances. Railroads slump off a little—Sales, 468,100 Shares.

(Special to Review.)

Ishpeming, April 12.—We can not ask for a better, acting market. The interest in individual stocks is nearly equally divided, and the demand for I. S. & P. and Calumet and Arizona is a little stronger. There has been some forced selling of Calumet & Pittsburg, offered at one time at \$32.50, and was readily taken. Junction is in fair demand and would find buyers at from \$27 to \$28. News of the day is reaching us indirectly, but substantially to the effect that the diamond drill of the C. & A. shaft is now down 267 feet below the lowest working, passing through ore assaying 12 per cent copper and 40 per cent sulphide, just the kind of material required, and the peculiarity of the market on this stock is that the price is free and at lower level. A 100-shares block sold at \$30, and smaller lots at \$31 to \$35. The market is broadening, and will eventually have a wide market stability in these properties becoming known outside the district that originally bought the shares on the strength of the management's record for honesty.

Boston, April 12.—Though copper is unchanged, London and New York report advances very strong. Several producers are sold out up to the end of May, and some copper has been sold for June delivery. It is still believed in trade circles that copper will sell at a higher range.

Bingham, Shannon, Mohawk and the rest met good buying on any decline. We don't see any reason for more than a very slight reaction at present, and when we get another rally they should go up more easily than they did a week ago.

New York, April 12.—Reaction took place on Tuesday, for some reason or other, characteristic of such a market as this.

At the opening of the market stocks were supported very well, against the effect of an unfavorable crop report, but after the first hour the market became reactionary, and sold down about one per cent on the average with the most of the trading on recessions of the day's lowest prices, made on small

## Bailey Walton Near Douglas

REPORTED TO BE KEEPING UNDER COVER IN AGUA PRIETA.

It is said he has been shot in the shoulder—Will probably remain out of reach of the officers until his father comes from Texas.

(Special to Review.)

Douglas, April 12.—A party coming into Douglas made the statement this evening that he had seen Bailey Walton only today in Agua Prieta, and that the man who shot "Shorty" Corson to death was himself wounded in the shoulder, but that the wound was not at all of a serious character. Your correspondent was also informed by this man that Walton intended to surrender to the American officials of Douglas, but that the verdict of the coroner's jury had caused him to change his mind.

Acting upon the above information, an endeavor was made to follow the clue further concerning the reliability of the report as made. It was learned from good authority that Walton at least was not very far from this city, although those who claimed to have definite information concerning the fugitive would, from reasons of their own, refuse to divulge any further light upon the missing man whose gun had done such deadly work. The exact whereabouts of Walton are, of course, not accurately known, but it is confidently expected that on the arrival of his father he would give himself up to the officers on this side of the line. Dave Walton, the father of Bailey, is the sheriff of Brewster county, Texas, and he has filed that position for a number of years, serving in several counties in the same position, and is esteemed in the community in which he resides. After learning of the shooting in which his son was involved, he at once wired to this city, stating that he would come here at once, but that he was at the last moment delayed in starting.

lots of stock.

In other words, the trading this afternoon was confined largely to professionals.

Real people, as we have said before, are under the market today.

U. S. preferred was to go to 63 if the T. C. I. broke through 41, still, like Union Pacific, our information is that the speculation is not out of that stock, and people are expecting to see it have another sharp bulge, probably to 95 on next swing.

It looked as if the movement would be started again this morning, when the stock sold up to \$97.8, but there was no real manipulation, and the price afterwards reacted sharply.

An insider, who controls the market apparently, will brook no outside interference.

We have to report continued anarchy on the part of the public. Sales today, \$468,100.

## DATE GRAHAM RESIGNED TODAY

WILL NO LONGER ACT AS CONSTABLE OF DOUGLAS PRECINCT—TO RETURN TO BISBEE.

### TIRED OF THE POSITION

Believes That If He Remained in Douglas It Would Simply Be the Means of Inviting Death—Plucky Officer Has Had Some Very Close Calls, and Seen Trying Events.

(Special to Review.)

Douglas, Ariz., April 12.—Dayton Graham today mailed his resignation to the Chairman of the Board of Supervisors at Tombstone, resigning his position as Constable of Douglas, which position he has held since the last election. The resignation should reach the Board of Supervisors tomorrow, and as the Board is at present in session, and Mr. Graham has requested that his successor be appointed immediately, it is very likely that Douglas will have a new constable before the end of the present week.

The resignation of Dayton Graham a constable of this precinct is the culmination of several events that have been a source of worry and annoyance to the officer. When seen today by Review reporter, he said:

"I am tired of the position in Douglas, and intend to return to Bisbee to make my home. I have never been down to run away from any trouble, but under the circumstances I believe it is for the best interests of the community that I resign. I do not mind my chances with anyone in the open, but I do not relish the idea of being murdered in the dark."

There is general regret in the community over the resignation of the "lucky constable." He is admired and respected by the great majority of the people of Douglas, and was the first peace officer in the embryo city, three years ago, and has seen some trying events during that time.

Ranger Allison will ask that the appointment be given to him by the Board of Supervisors, and he is receiving the endorsement of a number of the citizens here. It was rumored, also, that "Billy" Murphy of Naco would be an applicant for the position.

## NEW YORK G. O. P. DELEGATES GETTING READY

THE REPUBLICAN STATE COMMITTEE MET AND ARRANGED PRELIMINARIES FOR A PRIMED AND COCKED CONVENTION TO ENDORSE TED.

New York, April 12.—The republican state convention met last night for the purpose of arranging preliminaries for the state convention today. United States Senator Chauncey M. Depew was selected to be temporary chairman of the convention today and the temporary roll of delegates as presented by the state committee.

The platform to be presented, while strongly endorsing the administrations of Roosevelt and Odell, will, without going into details, point out the great benefits to the nation and republican administration.

## DEFIES THE JUDGE.

General Bell Says He Would Place Him in Prison.

Ourray, Col., April 12.—It is reported that Adjutant General Bell, in a telephone message with a resident of this place, said, "he would arrest Mr. Theon Stevens" and have him placed in the military prison at Telluride at the first opportunity. It is believed the General decided on this course as a result of the criticisms on Governor Peabody and heads of the state department, made by Judge Stevens in connection with the Moyer habeas corpus case.

A man may be suited to a T with his wife and still growl about her coffee.

## GRAHAM COUNTY OFFICIALS INDICTED FOR FELONY IN LAND DEAL

(Special to Review.)

Solomonville, Ariz., April 12.—Eugene Caruthers, of Thatcher, in this county, was today indicted by the grand jury charged with a felony.

The indictment grew out of the sale of a piece of land owned by the Chairman of the Board of Supervisors to the county for the expressed purpose of a poor farm. This was contrary to the statutes made and provided in such cases, which says that no county official shall be interested in the sale of any property to the county or to be interested in any contract awarded by the county.

The piece of land, which has been the cause of the present indictment, consists of forty acres, and the purchase price by the county was something like \$2600. The land with sufficient water would be considered good farming land. This particular piece of land was owned by Caruthers prior to his election as a member of the Board of Supervisors of the county. One of his first official acts was to buy the land from himself, through a

third party, all members of the Board voting "aye," and a warrant was drawn immediately on the county treasurer, and Mr. Caruthers pocketed the money. As soon as the transaction became known the district attorney of the county brought suit for the recovery of the money, setting up the claim that it had been paid out of the treasury illegally.

The grand jury, prior to the present one, investigated the matter, recommended the district attorney for the action he had taken, and recommended that upon the payment of the money back into the treasury the same be received without any penalties being added, and the case be dismissed.

When the present grand jury convened the money had not yet been paid into the treasury, and after looking into the case an indictment was returned charging the chairman of the board with a felony.

The case has created considerable interest in the county, and the indictment of Caruthers at this late day came in the nature of a surprise.

## MOCTEZUMA COPPER CO. STORE AT COS BURNED

NO ACTION ON HIS CASE IS LOOKED FOR UNTIL APPEAL HAS BEEN TAKEN—DECLINES TO MAKE STATEMENT

Washington, April 12.—Senator Burton was in his office today in the Maltby building. He did not appear in the senate chamber and senators do not expect that he will do so as long as his case is pending. Since his indictment Senator Burton has not been in the senate.

Senators do not think any action will be taken in this matter till the legal proceedings are disposed of and a final court of appeals has acted upon the case. If the judgment of the court that has already acted is sustained, it is expected that the senate will act by appointing a special committee, the duty of which will be to inform the senate officially of the court's action and to recommend that Senator Burton's seat be declared vacant.

It is understood that the senate will not undertake to inquire into the nature of the court proceedings, but will accept the verdict in the Burton case as conclusive evidence. Under the law such a verdict would deprive Mr. Burton from holding public office and as a natural consequence his seat would be vacated.

Senator Burton, when seen today, declined to make any statement for publication. He said, however, that he will not attempt to go upon the floor and that he comes here only to close up his affairs in Washington. His plans include a stay of about a week, when he will go to his home in Abilene, Kas.

## Even Kuropatkin Himself Would Not Believe This

St. Petersburg, April 12.—General Kuropatkin, in a dispatch to the Emperor bearing today's date, says: "General Eraslan'ski, on the night of April 8, ordered a detachment of sharpshooters to cross to the left bank of the Yalu, opposite Wijn. The sharpshooters landed on the island of Samalind and surprised a patrol of fifty Japanese scouts, just as the latter were approaching the east side of the island in three boats. The Russians allowed the Japanese to land and then fired on them. Nearly all of the Japanese were shot, bayoneted or drowned, and their boats sank. The Russians sustained no loss."

## Goodman, Who Assaulted Col. W. C. Greene Indicted

New York, April 12.—James W. Goodman was indicted by the grand jury today for assault in the first degree on W. C. Greene last Saturday. Goodman is charged with threatening to shoot Mr. Greene, who is president of the Greene Consolidated Copper Company, unless the latter immediately paid him a large sum of money, which Goodman claims was due him on a mining deal. Colonel Greene denies he owes Goodman anything, and in a public statement issued Saturday says he had only slight acquaintance with him.

The attractiveness of heaven depends on the treasures we have there.

## HEAR FIRING NEAR PORT ARTHUR

BELIEF THAT A BIG SEA FIGHT IS GOING ON IN VICINITY OF THAT CITY.

### ADMIRAL'S FLAG SHIP

Is Also Seen Headed There, and Port Arthur Russian Fleet Outside—Russians Make Another Break and Sink a Junk, Mistaking It for the Japanese Fleet.

Hear Heavy Firing.

Chee Foo, April 12.—The correspondent of the Associated Press at Feng Chew, forty miles northwest of here, telegraphs as follows: "Sounds of very heavy firing is heard at half past six o'clock this (Wednesday) morning. The firing evidently was being done between here and Port Arthur. It is believed at Feng Chew the long expected sea fight among the Miaotao Islands has taken place."

Admiral's Flagship Seen.

Chee Foo, April 12.—The Japanese battleship Asahi, flying the admiral's flag was seen off Chee Foo yesterday, going to the west, and there is no doubt but that the remainder of the fleet was in the vicinity of Port Arthur. The Russian fleet also was seen outside of Port Arthur yesterday.

Twenty Thousand Strong.

Seoul, April 12.—Japanese advices from Northern Korea state "that the Russians have strongly fortified Chien Ching, a walled town on the Manchurian side of the Yalu river, about ten miles north of Antung. It is estimated that there are twenty thousand Russians of all arms at Antung ready to oppose the Japanese crossing."

Russians' Bad Eyesight.

London, April 12.—The Times New Chinese correspondent, calling under date of April 11, says: "Last night a pilot's flare was mistaken for lights of the Japanese fleet, and the Russians fired and sank a junk with thirty-five hands, besides killing three persons and wounding seven in another junk. The native population is panic stricken and leaving town."

Think They're At It.

St. Petersburg, April 12.—According to telegraphic advices received by Novosti from its correspondent at Liaoyang, "The bombardment of Port Arthur and the fight on the Yalu are expected momentarily."

THE PARTY IN TOMSTONE.

Unable to See the Probate Judge, and Compelled to Remain Here.

Tombstone, April 12.—Mrs. T. K. Davis and two may friends from Douglas, arrived here this morning, bringing with them the husband of Mrs. Davis for examination before Judge O'Brien as to his mental condition.

On repairing to the office of the Probate Judge, they were informed that the judge was not in the city, informed that he was also the Superintendent of the reform school at Benson, they telephoned there, only to be advised that the superintendent had come to Tucson on business connected with the school, and that the party, with a man temporarily engaged and with waning mind, as compared to the expense of awaiting the return of the Probate Judge, were going unnecessarily entangled expense, and with a very sick man on their hands, requiring constant attention. There is considerable indignation expressed at this delay, and the people explain that it is on account of the dual positions held by Judge O'Brien.

MURDERED IN TEXAS.

Brother of Congressman is Shot in a Church.

Hempstead, Tex., April 12.—Warrants have been issued for two negroes charged with the murder of Tucker Pinckney, a brother of Congressman John M. Pinckney, at a church eight miles from here. It is expected there will be a number of other arrests. There is much excitement over the entire country.

Pinckney and George Groce, rode up to the church late in the afternoon. There had been trouble between Groce and some of the negroes who were at church at the time and Pinckney entered the church to get a drink of water, shooting was opened by the negroes in the church. Seven shots were fired in the building and one of them took effect in the body of Pinckney who fell dead just outside the door.
